Re: Shamon v. United States
U.S.D.C. 2001-11674-WGY

Dear Attorney Wilmot:

This letter is to advise you that Plaintiffs will not oppose a mental examination of Mr. Shamon pursuant to Fed.R.Civ.P. 35. However, at this time, Plaintiffs reserve the right to object to the scope of the examination, the identity of the examiner, and the identity of persons present at the examination.

In addition, I have informed Mr. Shamon of Dr. Richter's availability during the afternoon of May 16, and am awaiting confirmation that Mr. Shamon is available as well. I will let you know as soon as I confirm his availability on that date.

Very truly yours,

Halye A. Sugarman
